Summer Camp Description 2024

We are excited to announce the dates of our summer camps! We have so much fun providing fun, play based, supported therapeutic camps for our APTG kids and the broader community!

Our summer camps are running for 4 days this summer (Monday – Thursday) from 9:00 – 12:00. Camp is staffed by 1-2 therapists and other support staff depending on need. Groups are composed of 3 – 6 kids depending on the makeup of the group and registration. Groups are put together with consideration to matching age and needs. Age limits are flexible based on the child and the group makeup, so let us know if camp dates that are just outside your child's age group work better for your family. If you are new to APTG, please reach out to me (Amy) via email to schedule a complimentary brief phone call and meet and greet prior to registration. We work to set up well-matched groups of kids so that everyone can have a happy, successful experience!

The fee for the 4-day week is \$840. Unfortunately, we will not be able to give refunds for missed dates (unless a missed day is pre-arranged). Camps/group sessions are often not reimbursed by insurance, but some families have had success with insurance and/or used flexible spending accounts. Half of the camp fee (\$420) is required to register your child for the camp and hold the spot. If you decide to not attend the camp, this fee will not be refunded. This fee will be applied to the total fee if your child does attend the camp. If the camp is canceled by APTG due to low enrollment, we will refund your fee. The total fee for the camp will be due a month prior to the start date for the camp.

We utilize the outside and inside clinic for camp. Although having fun with other kids and playing are critical parts of camp, these are therapy camps that are staffed by experienced therapists who design and tailor the camp experience to meet the needs of the kids in the camp. Areas that are often supported include:

- Sensory processing and self-regulation skills (including emotional regulation, impulse control, calming, coping and mindfulness skills)
- Social cognition and friendship building skills
- Praxis (ideation, sequencing/motor planning and execution of activities) and play skills
- Gross motor, fine motor/visual motor activities

Our small groups and the support we provide sets the kids up for fun and success!

The dates for camp are listed below. Please let me know if you have any questions.

Week	Age Group
June 10 – June 13	8 – 10 year olds
July 8 – July 11	11 – 13 year olds
July 15 – July 18	8 – 10 year olds
July 29 – August 1	14 – 16 year olds
